Rakuten’s obligation to accept for purchase and to pay for any of the Notes in the Offers is subject to the satisfaction or waiver of a number of conditions, including the completion by Rakuten of the private placements of senior notes announced concurrently with the Offers (the “*Financing Transaction*”) to fund the Total Consideration for Notes to be purchased pursuant to the Offers, on terms and subject to conditions reasonably satisfactory to us (the “*Financing Condition*”). This Offer to Purchase is not an offer to sell or a solicitation of an offer to buy any securities in the Financing Transaction or otherwise. See “Principal Terms of the Offers” and “Conditions of the Offers.”

The amounts of each series of Notes that are purchased on any Settlement Date (as defined herein) will be determined in accordance with the Acceptance Priority Levels set forth on the front cover of this Offer to Purchase, with 1 being the highest Acceptance Priority Level and 2 being the lowest Acceptance Priority Level, provided that we will only accept for purchase Notes with an aggregate purchase price (excluding accrued interest) up to the Total Maximum Amount. In addition, no more than \$100 million aggregate purchase price of 3.546% Notes will be purchased in the Offers. The 3.546% Tender Cap may be increased or decreased by Rakuten at its sole discretion.

Subject to the 3.546% Tender Cap and the Total Maximum Amount, holders of Notes (each a “*Holder*” and collectively, “*Holder*s”) that are validly tendered (and not validly withdrawn) at or prior to the Early Tender Time and accepted for purchase will receive the applicable Total Consideration. The applicable Total Consideration includes the applicable Early Tender Premium set forth in the table on the cover page of this Offer to Purchase and will be payable on the Initial Settlement Date (as defined herein) (or the Final Settlement Date (as defined herein) if we elect not to have an Initial Settlement Date). Early tenders will be accepted in priority of tenders that are not early tenders, and if the 3.546% Tender Cap and the Total Maximum Amount are full at early deadline, no further tenders will be accepted. Subject to the 3.546% Tender Cap and the Total Maximum Amount, Holders of Notes tendered following the Early Tender Time, but at or prior to the Expiration Time, and accepted for purchase will receive the applicable Tender Offer Consideration, which will be payable on the Final Settlement Date. The “*Tender Offer Consideration*” for a series of Notes will equal the applicable Total Consideration minus the applicable Early Tender Premium. We may, at our option, elect to pay the Total Consideration after the Early Tender Time but before the Expiration Time (the date of such payment, the “*Initial Settlement Date*”). We expect to have an Initial Settlement Date, and assuming that the conditions to the Offers are satisfied or waived, such Initial Settlement Date may be as early as three business days following the Early Tender Time. “*Business day*” means each Monday, Tuesday, Wednesday, Thursday or Friday that is not a day on which banking institutions in the United States are generally authorized or obligated by law or executive order to close. The Tender Offer Consideration will be payable promptly after the Expiration Time (the date of such payment, the “*Final Settlement Date*” and, together with the Initial Settlement Date, if any, each a “*Settlement Date*”). Assuming that the conditions to the Offers are satisfied or waived, the Final Settlement Date is expected to occur three business days after the Expiration Time.

In addition to the Total Consideration or the Tender Offer Consideration, as applicable, all Holders of Notes accepted for purchase will also receive accrued and unpaid interest from, and including, the last interest payment date for such series of Notes to, but excluding, the applicable Settlement Date.

Tenders of Notes may be withdrawn at any time at or prior to the Withdrawal Deadline, but not thereafter. Notwithstanding any other provision in this Offer to Purchase, Rakuten’s obligation to accept for purchase, and pay for, Notes of each series which are validly tendered (and not validly withdrawn) pursuant to an Offer is subject to and conditioned upon the satisfaction or waiver of the Financing Condition and the General Conditions (as defined below).

Rakuten reserves the right to (i) waive any and all conditions to an Offer with respect to one or more series of Notes; (ii) extend or terminate an Offer with respect to one or more series of Notes at any time; (iii) increase or decrease the Total Maximum Amount; (iv) increase or decrease the 3.546% Tender Cap; or (v) otherwise amend an Offer with respect to one or more series of Notes in any respect, in each case, subject to applicable law and in accordance with the terms set forth in this Offer to Purchase. If we increase or decrease the Total Maximum Amount, increase or decrease the 3.546% Tender Cap or otherwise alter the terms of any Offer, we do not expect to extend the Early Tender Time, the Expiration Time or Withdrawal Deadline or otherwise modify any rights to withdraw Notes previously tendered, except as may be required by law. If Rakuten chooses to increase the Total Maximum Amount, we may correspondingly (but are not obligated to) increase the 3.546% Tender Cap at our option. If a Holder tenders more Notes in an Offer than it expects to be accepted for purchase by us based on the Total Maximum Amount, the 3.546% Tender Cap, or the Acceptance Priority Level for the Notes being tendered,

and we subsequently accept more Notes than such Holder expected of such Notes tendered and not validly withdrawn on or before the Withdrawal Deadline, such Holder will not be able to withdraw any of its previously tendered Notes. **Accordingly, a Holder should not tender any Notes that it does not wish to be accepted for purchase.**

Rakuten has retained Goldman Sachs & Co. LLC, Morgan Stanley & Co. LLC, Daiwa Capital Markets America Inc. and Mizuho Securities USA LLC to act as the dealer managers (the “*Dealer Managers*”) in connection with the Offers. Global Bondholder Services Corporation has been appointed as Depositary and Information Agent (the “*Depositary and Information Agent*”) in connection with the Offers.

We will deliver the Notes that we purchase in the Offers to the trustee under the indenture relating to the 10.250% Notes or the fiscal agent under the fiscal agency agreement relating to the 3.546% Notes, as applicable, for cancellation, and those Notes will cease to be outstanding. Any Notes that remain outstanding after the Offers will continue to be our obligations. Holders of those outstanding Notes will continue to have all the rights associated with those Notes. We are not seeking the approval of Holders for any amendment to the Notes or the indenture or fiscal agency agreement, as applicable, relating to the Notes.

None of the Depositary and Information Agent, the trustee under the indenture relating to the 10.250% Notes, the fiscal agent under the fiscal agency agreement relating to the 3.546% Notes or the Dealer Managers or any affiliate of any of them nor their respective directors, officers, employees or affiliates assume any responsibility for the accuracy or completeness of the information contained in this Offer to Purchase or related documents including the information concerning the Offers, us or any of our affiliates contained in this Offer to Purchase or for any failure by us to disclose events that may have occurred and may affect the significance or accuracy of such information.

Holders should consult with their own advisers as needed to assist them in making an investment decision and to advise them whether they are legally permitted to tender Notes for cash. Holders must also obtain any consents or approvals that they need in order to tender their Notes. None of Rakuten, the Depositary and Information Agent, the trustee under the indenture relating to the 10.250% Notes or the fiscal agent under the fiscal agency agreement relating to the 3.546% Notes, as applicable, or the Dealer Managers or any affiliate of any of them are responsible for Holders’ compliance with these legal requirements.

If you do not tender your Notes, they will remain outstanding. If we consummate any or all of the Offers, the applicable trading market for your outstanding Notes may be significantly more limited. For a discussion of this risk, see “Special Considerations.”

None of Rakuten, the Depositary and Information Agent, the trustee under the indenture relating to the 10.250% Notes, the fiscal agent under the fiscal agency agreement relating to the 3.546% Notes or the Dealer Managers or any affiliate of any of them makes any recommendation as to whether or not Holders of Notes should tender Notes pursuant to the Offers. Each Holder must decide whether to tender Notes and, if tendering, the amount of Notes to tender. Holders are urged to review carefully all information contained or incorporated by reference in this Offer to Purchase.

However, such Holders may be obligated to pay commissions or other payments to their own broker, dealer, commercial bank, trust company, custodian or other nominee.

From time to time after completion of the Offers, we may purchase additional Notes in the open market, in privately negotiated transactions, through tender offers or otherwise or we may redeem Notes that are able to be redeemed pursuant to their terms. Any future purchases may be on the same terms or on terms that are more or less favorable to Holders of Notes than the terms of the applicable Offer. Any future purchases by us will depend on various factors existing at that time. There can be no assurance as to which, if any, of these alternatives (or combinations thereof) we may choose to pursue in the future.

This Offer to Purchase contains important information which should be read carefully and in its entirety before any decision is made with respect to the Offers.

	The purchase price for Notes will be paid in U.S. Dollars.
Tender Cap.....	The 3.546% Tender Cap limits the maximum aggregate purchase price of 3.546% Notes that may be purchased in the Offers to \$100 million exclusive of accrued and unpaid interest. If we increase or decrease the 3.546% Tender Cap or otherwise alter the terms of any Offer, we do not expect to extend the Early Tender Time, the Expiration Time or Withdrawal Deadline or otherwise modify any rights to withdraw Notes previously tendered, except as may be required by law.

Acceptance Priority Levels and Proration

Subject to the 3.546% Tender Cap and the Total Maximum Amount, the Notes accepted on any Settlement Date will be accepted in accordance with their Acceptance Priority Levels set forth on the front cover of this Offer to Purchase (with 1 being the highest Acceptance Priority Level and 2 being the lowest Acceptance Priority Level). Subject to the 3.546% Tender Cap and the Total Maximum Amount, all Notes tendered at or before the Early Tender Time having a higher Acceptance Priority Level will be accepted before any Notes tendered at or before the Early Tender Time having a lower Acceptance Priority Level are accepted, and all Notes validly tendered after the Early Tender Time having a higher Acceptance Priority Level will be accepted before any Notes tendered after the Early Tender Time having a lower Acceptance Priority Level are accepted in the Offers. **However, even if the Offers are not fully subscribed as of the Early Tender Time, subject to the 3.546% Tender Cap and the Total Maximum Amount, Notes tendered at or before the Early Tender Time will be accepted for purchase in priority to other Notes tendered after the Early Tender Time, even if such Notes tendered after the Early Tender Time have a higher Acceptance Priority Level than Notes tendered prior to the Early Tender Time.**

Acceptances for tenders of Notes of a series may be subject to proration (i) if the aggregate purchase price of the 3.546% Notes validly tendered and not validly withdrawn is greater than the 3.546% Tender Cap or (ii) if the aggregate purchase price (exclusive of accrued and unpaid interest) for any relevant series of Notes validly tendered and not validly withdrawn would cause the Total Maximum Amount to be exceeded. **Furthermore, if the Offers are fully subscribed as of the Early Tender Time, Holders who validly tender Notes after the Early Tender Time will not have any of their Notes accepted for purchase.**

Early Tender Time.....

The Early Tender Time for each Offer is 5:00 p.m., Eastern Time, on Wednesday, February 7, 2024, unless extended or earlier terminated by Rakuten in its sole discretion.

Expiration Time.....

The Offers will expire at 5:00 p.m., Eastern Time, on Friday, February 23, 2024, unless extended or earlier terminated by Rakuten in its sole discretion. Rakuten may, in its sole discretion, extend an Offer with respect to one or more series of Notes but not the other series of Notes. See “Expiration; Extension; Amendment; Termination.”

Effect of Consummation of Offers On Unpurchased Notes.....

With respect to any series of Notes for which an Offer is consummated, the aggregate principal amount of Notes of such series that remains outstanding may be significantly reduced, which may materially adversely affect the liquidity of any of the Notes of such series that remain outstanding after consummation of such Offer. See “Special Considerations.”

Total Consideration	The applicable Total Consideration for each \$1,000 principal amount of Notes tendered and accepted for purchase pursuant to the Offers for Holders who have tendered and not validly withdrawn their Notes at or prior Early Tender Time, will be as set forth opposite the applicable series of Notes under the column “Total Consideration” on the front cover of this Offer to Purchase.
Tender Offer Consideration.....	Holders who validly tender their Notes after the Early Tender Time but at or prior to the Expiration Time, and whose Notes are accepted for purchase, will receive only the Tender Offer Consideration, which is the applicable Total Consideration minus the applicable Early Tender Premium.
Accrued Interest.....	In addition to the Total Consideration or Tender Offer Consideration, as applicable, each Holder whose Notes are tendered and accepted for purchase will receive accrued and unpaid interest on such Notes from, and including, the last applicable interest payment date up to, but excluding, the applicable Settlement Date (“ <i>Accrued Interest</i> ”).
Initial Settlement Date.....	<p>We expect to have an Initial Settlement Date, and assuming that the conditions to the Offers are satisfied or waived, the Initial Settlement Date in respect of Notes that are validly tendered and not validly withdrawn at or prior to the Early Tender Time pursuant to the Offers and accepted for purchase may be as early as three business days following the Early Tender Time.</p> <p>The date we choose as the Initial Settlement Date is entirely in our discretion, and there can be no assurance that we will have an Initial Settlement Date.</p>
Final Settlement Date	Assuming that the conditions to the Offers are satisfied or waived, the Final Settlement Date in respect of Notes that are validly tendered after the Early Tender Time and at or prior to the Expiration Time (or, if we do not elect to have an Initial Settlement Date, in respect of all Notes validly tendered at or prior to the Expiration Time) pursuant to the Offers and accepted for purchase will be promptly after the Expiration Time and is expected to be three business days following the Expiration Time, unless extended by Rakuten in its sole discretion.
Purpose of the Offers.....	Rakuten is engaging in the Offers, and related Financing Transaction, to proactively manage and extend the maturity profile of its debt. We expect to fund the Offers with the net proceeds from the Financing Transaction and cash on hand. After the settlement of the Offers, we also intend to make further offers to purchase certain of our Japanese-yen denominated senior bonds scheduled to mature in or after 2024. To the extent that proceeds from the Financing Transaction remain after the settlement of the Offers, we intend to use such proceeds as part of the funds for such offers or otherwise to reduce our bonds outstanding. We are not offering to purchase or soliciting offers to sell any

securities, other than the Notes, by means of this Offer to Purchase.

We will deliver the Notes that we repurchase in the Offers to the trustee under the indenture relating to the 10.250% Notes or the fiscal agent under the fiscal agency agreement relating to the 3.546% Notes, as applicable, for cancellation and those Notes will cease to be outstanding.

Financing Transaction; Source of Funds

Rakuten is conducting a private placement of senior notes announced concurrently with the Offers. We expect to fund the Offers with the net proceeds from the Financing Transaction and cash on hand.

Rakuten's obligation to accept for purchase and to pay for any Notes in the Offers is subject to the completion of the Financing Transaction to fund the Total Consideration for Notes to be purchased pursuant to the Offers. See "Principal Terms of the Offers" and "Conditions of the Offers." This Offer to Purchase is not an offer to sell or a solicitation of an offer to buy any securities in the Financing Transaction or otherwise.

Acceptance of Tendered Notes and Payment

Upon the terms of the Offers and upon satisfaction or waiver of the conditions to the Offers specified herein under "Conditions of the Offers," Rakuten will (i) accept for purchase Notes validly tendered and not validly withdrawn (up to the Total Maximum Amount, subject to the 3.546% Tender Cap and to proration as described in this Offer to Purchase) and (ii) promptly pay the Total Consideration or the Tender Offer Consideration, as the case may be (plus Accrued Interest), on the applicable Settlement Date for all Notes accepted for purchase.

Only Holders who validly tender Notes and do not validly withdraw such tender pursuant to the Offers will be eligible to receive the applicable Total Consideration or Tender Offer Consideration. Payment of the applicable Total Consideration or Tender Offer Consideration, together with the applicable Accrued Interest, for Notes validly tendered and not validly withdrawn pursuant to the Offers and accepted for purchase will be made from funds deposited by Rakuten with the applicable Clearing Systems. Such payments are expected to be made as set forth under "Initial Settlement Date" and "Final Settlement Date," above. See "Acceptance of Notes for Purchase; Payment for Notes; Payment of Purchase Price."

Subject to the discussion below under "Conditions of the Offers," Rakuten reserves the right to waive any or all of the conditions to an Offer with respect to one or more series of Notes and to pay for all Notes of such series validly tendered and not validly withdrawn pursuant to the Offers or to extend the Expiration Time.

Conditions of the Offers	Notwithstanding any other provision in this Offer to Purchase, Rakuten’s obligation to accept for purchase, and pay for, Notes of each series which are validly tendered and not validly withdrawn pursuant to the Offers is subject to and conditioned upon the satisfaction or waiver of the Financing Condition and the General Conditions. Rakuten may waive any of the conditions of an Offer, in whole or in part, at any time. Rakuten may, in its sole discretion, waive any of the conditions to an Offer for one or more series of Notes but not the other series of Notes. See “Conditions of the Offers.”
How to Tender Notes.....	See “Procedures for Tendering Notes.” For further information, call the Depository and Information Agent or consult your broker, dealer, commercial bank, trust company, custodian or other nominee for assistance. See “Representations, Warranties and Agreements by Tendering Holders” for a discussion of the items that all Holders who tender Notes in any of the Offers will be deemed to have represented, warranted and agreed.
Withdrawal Rights.....	There is no letter of transmittal for the Offers. Tenders of Notes may be validly withdrawn at any time at or prior to the Withdrawal Deadline, but not thereafter, by following the procedures described in this Offer to Purchase. Any Notes that are tendered following the Withdrawal Deadline but at or prior to the Expiration Time may not be withdrawn, in each case, unless the applicable Offer is amended in a manner materially adverse to you as a tendering Holder, in which case withdrawal rights will be extended in accordance with applicable laws and as we deem appropriate to allow tendering Holders a reasonable opportunity to respond to such amendment. If we increase or decrease the Total Maximum Amount, increase or decrease the 3.546% Tender Cap of one or more series or otherwise alter the terms of any Offer, we do not expect to extend the Early Tender Time, the Expiration Time or Withdrawal Deadline or otherwise modify any rights to withdraw Notes previously tendered, except as may be required by law. If Rakuten chooses to increase the Total Maximum Amount, it may correspondingly increase the 3.546% Tender Cap at its option. Notes withdrawn at or prior to the Withdrawal Deadline may be tendered again at or prior to the Expiration Time in accordance with the procedures set forth in this Offer to Purchase.

Other Purchases of Notes	Rakuten and/or its affiliates may from time to time, including during the term of the Offers, purchase additional Notes in the open market, in privately negotiated transactions, through tender offers, exchange offers, the exercise of redemption rights or otherwise. Any future purchases or other acquisitions may be on the same terms or on terms that are more or less favorable to Holders than the terms of the Offers. Any such purchases or other acquisitions will depend on various factors existing at that time. There can be no assurance as to which, if any, of these alternatives (or combinations thereof) Rakuten and/or its affiliates may choose to pursue in the future.
Certain Tax Consequences	For a discussion of certain Japanese and U.S. tax consequences of participating in the Offers, see “Certain Japanese Tax Considerations” and “Certain U.S. Federal Income Tax Considerations.”
Dealer Managers.....	Goldman Sachs & Co. LLC, Morgan Stanley & Co. LLC, Daiwa Capital Markets America Inc. and Mizuho Securities USA LLC are serving as the dealer managers (the “ <i>Dealer Managers</i> ”) in connection with the Offers. The contact information for the Dealer Managers appears on the back cover of this Offer to Purchase.
Depository and Information Agent.....	Global Bondholder Services Corporation is serving as the Depository and Information Agent in connection with the Offers. Requests for additional copies of this Offer to Purchase and any other required documents should be directed to the Depository and Information Agent. The contact information for the Depository and Information Agent appears on the back cover of this Offer to Purchase.
Offer Website.....	The website, https://www.gbsc-usa.com/rakuten/ , operated by the Depository and Information Agent for the purpose of this Offer.

PURPOSE OF THE OFFERS; CONCURRENT FINANCING TRANSACTION; SOURCE OF FUNDS

Rakuten is engaging in the Offers, and the related Financing Transaction, to proactively manage and extend the maturity profile of its debt. This Offer to Purchase is conditioned upon, among other things, the satisfaction or waiver of the Financing Condition. This Offer to Purchase is not an offer to sell or a solicitation of an offer to buy any securities in the Financing Transaction or otherwise.

We expect to fund the Offers with the net proceeds from the Financing Transaction and cash on hand. After the settlement of the Offers, we also intend to make further offers to purchase certain of our Japanese-yen denominated senior bonds scheduled to mature in or after 2024. To the extent that proceeds from the Financing Transaction remain after the settlement of the Offers, we intend to use such proceeds as part of the funds for such offers or otherwise to reduce our bonds outstanding..

We will deliver the Notes that we purchase in the Offers to the trustee under the indenture relating to the 10.250% Notes or the fiscal agent under the fiscal agency agreement relating to the 3.546% Notes, as applicable, for cancellation, and those Notes will cease to be outstanding. Any Notes that remain outstanding after the Offers will continue to be our obligations. Holders of those outstanding Notes will continue to have all the rights associated with those Notes. We are not seeking the approval of Holders for any amendment to the Notes, the indenture relating to the 10.250% Notes or the fiscal agency agreement relating to the 3.546% Notes.

This Offer to Purchase does not constitute an offer to sell any securities or the solicitation of an offer to buy any securities (other than the Notes).

SPECIAL CONSIDERATIONS

In deciding whether to participate in any of the Offers, each Holder should consider carefully, in addition to the other information contained or incorporated by reference in this Offer to Purchase, the following:

Limited Trading Market

The Notes are listed on SGX-ST. To the extent that Notes of any series are tendered and accepted in an Offer, the trading market for such series of Notes may become more limited. A bid for a debt security with a smaller outstanding aggregate principal amount available for trading (a smaller “float”) may be lower than a bid for a comparable debt security with a greater float. Therefore, the market price for Notes of any series not purchased pursuant to the Offers may be affected adversely to the extent that the amount of Notes of such series purchased pursuant to an Offer significantly reduces the float for such series of Notes. The reduced float may also tend to make the trading price more volatile. Holders of unpurchased Notes may attempt to obtain quotations for the Notes from their brokers; however, there can be no assurance that an active trading market will exist for the Notes following the Offers. The extent of the public market for the Notes following consummation of the Offers would depend upon, among other things, the number of Holders remaining, the outstanding aggregate principal amount of each series of Notes at such time and the interest in maintaining a market in each series of Notes on the part of securities firms and other factors.

Redemption or Repurchase of Notes

We reserve the right, in our sole discretion, either directly or through our affiliates, from time to time, including during the term of the Offers, to purchase any Notes through open market purchases, privately negotiated transactions, one or more additional tender or exchange offers, redemptions, defeasance or otherwise, although we are under no obligation to do so. We reserve the right to redeem the Notes at our option in accordance with the terms set forth in the indenture or fiscal agency agreement, as applicable, pursuant to which the Notes were issued. Any such purchase or redemption may result in the holders of such Notes receiving payments that are higher or lower than the applicable Total Consideration or Tender Offer Consideration.

There are limits on your ability to withdraw tendered Notes.

Tendered Notes may be withdrawn at any time at or prior to the relevant Withdrawal Deadline. After the relevant Withdrawal Deadline, tendered Notes may not be withdrawn unless Rakuten amends the applicable Offer in a manner that is materially adverse to the tendering Holders, in which case withdrawal rights may be extended as Rakuten determines in its sole discretion, to the extent required by law, appropriate to allow tendering Holders a reasonable opportunity to respond to such amendment.

Minimum Denominations of the Notes.

If the purchase of all validly tendered Notes would cause us to purchase a principal amount greater than the 3.546% Tender Cap, then the Tender Offer will be oversubscribed and if we accept Notes in the Tender Offer, we will accept for purchase tendered Notes on a prorated basis, with the aggregate principal amount of each Holder’s validly tendered Notes accepted for purchase determined by multiplying each Holder’s tender by the applicable proration factor, and rounding the product down to the nearest \$1,000 principal amount. Depending on the amount tendered and the proration factor applied, if the principal amount of Notes that are unaccepted and returned to a holder as a result of proration would result in less than the authorized minimum denomination being returned to such holder we will either accept or reject all of such Holder’s validly tendered notes.

The Notes may be tendered in minimum principal amounts equal to \$200,000 and integral multiples of \$1,000 in excess thereof; provided, that Holders who tender less than all of their Notes must continue to hold Notes in a principal amount not less than \$200,000 (the “*Minimum Authorized Denomination*”).

No Recommendation Concerning the Offers

None of Rakuten, the Depositary and Information Agent, the trustee under the indenture relating to the 10.250% Notes, the fiscal agent under the fiscal agency agreement relating to the 3.546% Notes or the Dealer Managers or any affiliate of any of them makes any recommendation as to whether or not Holders should tender

Notes pursuant to the Offers. Each Holder must decide whether to tender Notes and, if tendering, the amount of Notes to tender. Holders are urged to review carefully all information contained or incorporated by reference in this Offer to Purchase.

Whether or Not Notes of a Series Will Be Accepted for Purchase Is Uncertain

Whether or not Notes of any series will be accepted for purchase will depend on several factors, including without limitation the satisfaction or waiver of several conditions. If any of the conditions are not satisfied with respect to any series of Notes, we may terminate the Offer with respect to such series of Notes or we may waive the condition with respect to such series of Notes. In addition, the purchase of Notes is subject to the Acceptance Priority Levels, the Total Maximum Amount, the proration arrangements applicable to the Offers, and the 3.546% Tender Cap. Furthermore, if the Offers are fully subscribed as of the Early Tender Time, Holders who validly tender Notes following the Early Tender Time will not have any of their Notes accepted for purchase.

Tax Considerations

See “Certain Japanese Tax Considerations” and “Certain U.S. Federal Income Tax Considerations,” respectively, for discussions of certain Japanese and U.S. tax matters that should be considered in evaluating the Offers.

PRINCIPAL TERMS OF THE OFFERS

Rakuten is offering to purchase the Notes for cash, upon the terms and subject to the conditions set forth in this Offer to Purchase and for the aggregate purchase price (exclusive of accrued and unpaid interest) set forth herein up to the Total Maximum Amount, subject to the Acceptance Priority Levels and 3.546% Tender Cap described herein. The Notes consist of the following series of Notes issued by Rakuten Group, Inc.:

- 10.250% Notes: 10.250% Senior Notes due 2024; and
- 3.546% Notes: 3.546% Senior Notes due 2024.

Total Consideration and Tender Offer Consideration

The applicable Total Consideration for each \$1,000 principal amount of Notes tendered and accepted for purchase pursuant to the Offer for Holders who have tendered and not validly withdrawn their Notes at or prior Early Tender Time, will be as set forth opposite the applicable series of Notes under the column “Total Consideration” on the front cover of this Offer to Purchase. Holders who tender their Notes after the Early Tender Time but at or prior to the Expiration Time, and whose Notes are accepted for purchase pursuant to the Offers, will not be entitled to receive the Total Consideration and will therefore be entitled to receive only the applicable Tender Offer Consideration, which is an amount equal to the applicable Total Consideration minus the applicable Early Tender Premium.

In addition to the applicable Total Consideration or Tender Offer Consideration paid to Holders of Notes, Holders will be paid the applicable Accrued Interest per \$1,000 principal amount of Notes tendered and accepted pursuant to the Offers, rounded to the nearest cent (with half a unit rounded upwards).

Notes that are validly tendered at or prior to the Early Tender Time and are accepted for purchase will receive the Total Consideration plus Accrued Interest on the Initial Settlement Date (or the Final Settlement Date if we elect not to have an Initial Settlement Date). We expect to have an Initial Settlement Date, and assuming that the conditions to the Offers are satisfied or waived, such Initial Settlement Date may be as early as Monday, February 12, 2024, the third business day after the Early Tender Time. Rakuten may, at its option, elect to have a later Initial Settlement Date or not to have an Initial Settlement Date. Notes that are validly tendered following the Early Tender Time and at or prior to the Expiration Time and are accepted for purchase will receive the Tender Offer Consideration plus Accrued Interest on the Final Settlement Date. The Final Settlement Date for the Notes will be promptly following the Expiration Time. Assuming that the conditions to the Offers are satisfied or waived, Rakuten expects that the Final Settlement Date will be Wednesday, February 28, 2024, the third business day after the Expiration Time.

The Offers are not contingent upon the tender of any minimum principal amount of Notes. Rakuten’s obligation to accept and pay for, Notes validly tendered pursuant to the Offers is conditioned upon satisfaction of the conditions as set forth in “Conditions of the Offers” below. Rakuten reserves the right, subject to applicable law, to waive any one or more of the conditions with respect to the Offers at any time.

Rakuten reserves the right, subject to applicable law, with respect to the Notes to (a) extend the Early Tender Time, the Withdrawal Deadline or the Expiration Time to a later date and time as announced by Rakuten, (b) increase or decrease the Total Maximum Amount, (c) increase or decrease the 3.546% Tender Cap, (d) waive any or all conditions to the Offer or (e) at any time prior to the satisfaction or waiver of the Financing Condition and the General Conditions, terminate or otherwise amend the Offer in any respect and return the tendered Notes, in each case by giving written notice of such amendment or termination to the Depositary and Information Agent. Any amendment to the Offers will apply to all Notes tendered in the Offers, except for amendments that apply only to a specified series of Notes. Rakuten will publicly announce any such extension, amendment or termination in the manner described under “Expiration; Extension; Amendment; Termination” There can be no assurance that we will exercise our right to extend, terminate or amend the Offers. See “Expiration; Extension; Amendment; Termination.”

None of Rakuten, its board of directors, the Dealer Managers, the Depositary and Information Agent, the trustee under the indenture relating to the 10.250% Notes or the fiscal agent under the fiscal agency agreement relating to the 3.546% Notes makes any recommendation that Holders tender or refrain from tendering all or any portion of the principal amount of their Notes, and no one has been authorized by any of

them to make such a recommendation. Holders must make their own decision as to whether to tender their Notes, and, if so, the principal amount of Notes to tender.

Total Maximum Amount; 3.546% Tender Cap; Acceptance Priority Levels and Proration

The amount of Notes that is purchased in the Offers will be based on the applicable Acceptance Priority Level, the Total Maximum Amount, the 3.546% Tender Cap and the proration arrangements applicable to the Offer. The Total Maximum Amount and the 3.546% Tender Cap may be increased or decreased by Rakuten in its sole discretion. See the front cover of this Offer to Purchase for details of the Total Maximum Amount, the 3.546% Tender Cap and the Acceptance Priority Levels.

If the aggregate purchase price (excluding Accrued Interest) payable for Notes validly tendered exceeds the Total Maximum Amount, only Notes with a combined aggregate purchase price (excluding Accrued Interest) up to \$1 billion will be accepted for purchase (in the order of the Acceptance Priority Levels). The purchase price for Notes will be paid in U.S. Dollars.

The Notes will be purchased in the order of the Acceptance Priority Levels (in numerical priority order) set forth in the table on the front cover of this Offer to Purchase, subject to the 3.546% Tender Cap and the proration arrangements described below. The purchase price of the 3.546% Notes purchased in the Offers is subject to the 3.546% Tender Cap of \$100 million, exclusive of Accrued Interest.

Subject to the Total Maximum Amount and the 3.546% Tender Cap, all Notes tendered at or prior to the Early Tender Time having a higher Acceptance Priority Level will be accepted before any tendered Notes having a lower Acceptance Priority Level are accepted, and all Notes tendered following the Early Tender Time having a higher Acceptance Priority Level will be accepted before any Notes tendered after the Early Tender Time having a lower Acceptance Priority Level are accepted in the Offers. **However, even if the Offers are not fully subscribed as of the Early Tender Time, subject to the Total Maximum Amount and the 3.546% Tender Cap, Notes tendered at or prior to the Early Tender Time will be accepted for purchase in priority to other Notes tendered following the Early Tender Time, even if such Notes tendered following the Early Tender Time have a higher Acceptance Priority Level than Notes tendered at or prior to the Early Tender Time.**

Furthermore, if the Offers are fully subscribed as of the Early Tender Time, Holders who validly tender Notes following the Early Tender Time will not have any of their Notes accepted for purchase.

Acceptances for tenders of Notes of a series may be subject to proration (i) if the aggregate purchase price of the 3.546% Notes validly tendered and not validly withdrawn is greater than the 3.546% Tender Cap or (ii) if the aggregate purchase price (exclusive of Accrued Interest) for any relevant series of Notes validly tendered and not validly withdrawn would cause the Total Maximum Amount to be exceeded.

If proration of a series of tendered Notes is required, Rakuten will determine the applicable proration factor as soon as practicable after the Early Tender Time or Expiration Time, as the case may be, and will announce the results of proration by press release.

Rakuten may make appropriate adjustments downward to the nearest \$1,000 principal amount to avoid purchases of the Notes in principal amounts other than integral multiples of \$1,000. Depending on the amount tendered and the applicable proration factor applied, if proration would result in a principal amount of Notes that is less than the minimum denomination being returned to a Holder or accepted for purchase by Rakuten, Rakuten will either accept or reject all of such Holder's validly tendered Notes. In no event shall the minimum principal amount returned to any Holder after the application of the proration be less than \$200,000, being the minimum denomination for the relevant series of Notes.

If the Holder does not tender the Holder's full position, it is the Holder's responsibility to ensure they are left with sufficient Notes to continue to trade in the Clearing Systems, given the minimum denominations and integral multiples of the Notes.

The Offers are not conditioned upon any minimum level of participation.

CONDITIONS OF THE OFFERS

Notwithstanding any other provision in this Offer to Purchase, Rakuten will not be obligated to accept for purchase, and pay for or cause to be paid for, Notes of each series which are validly tendered and not validly withdrawn pursuant to the Offers if the Financing Condition and any of the General Conditions shall not have been satisfied at or prior to the Expiration Time.

Financing Condition

As a condition to the Offers, Rakuten must satisfy or waive the Financing Condition, by which we mean the completion by Rakuten of the Financing Transaction to fund the Total Consideration for Notes to be purchased pursuant to the Offers, no later than the Expiration Time on terms reasonably satisfactory to us.

General Conditions

For purposes of the foregoing provisions, with respect to each Offer for a series of Notes, all of the “*General Conditions*” shall be deemed to have been satisfied at the applicable Early Tender Time or the Expiration Time, unless any action, event, development or circumstance described in the following conditions shall have occurred on or after the date of this Offer to Purchase and at or prior to the aforementioned dates:

- (1) no action or event shall have occurred or been threatened, no action shall have been taken, and no statute, rule, regulation, judgment, order, stay, decree or injunction shall have been promulgated, enacted, entered, enforced or deemed to be applicable to such Offer by or before any court or governmental regulatory or administrative agency, authority or tribunal, including, without limitation, taxing authorities, that either:
 - (a) challenges the making of such Offer or could reasonably be expected to, directly or indirectly, prohibit, prevent, restrict or delay consummation of, or could reasonably be expected to otherwise adversely affect in any material manner, such Offer; or
 - (b) in our reasonable judgment, could materially adversely affect our business, condition (financial or otherwise), income, operations, properties, assets, liabilities or prospects or materially impair the contemplated benefits to us of such Offer or the delivery of any cash amounts;
- (2) nothing has occurred or is reasonably likely to occur that would or might, in our reasonable judgment, prohibit, prevent or delay such Offer or impair our ability to realize the contemplated benefits to us of such Offer;
- (3) there shall not have occurred (a) any general suspension of or limitation on trading in securities in the U.S., U.K., Hong Kong and/or Japanese securities or financial markets, whether or not mandatory, (b) a material impairment in the general trading market for debt securities, (c) a declaration of a banking moratorium or any suspension of payments in respect of banks by federal or state authorities in the United States, United Kingdom, Hong Kong, Japan or other major financial markets, whether or not mandatory, (d) a commencement of a war, armed hostilities, a terrorist act or other national or international calamity directly or indirectly relating to the United States, the United Kingdom, Hong Kong or Japan, (e) any limitation, whether or not mandatory, by any governmental authority on, or other event having a reasonable likelihood of affecting, the extension of credit by banks or other lending institutions in the United States, the United Kingdom, Hong Kong or Japan, (f) any material adverse change in the securities or financial markets in the United States, the United Kingdom, Hong Kong or Japan generally or (g) in the case of any of the foregoing existing at the time of the commencement of such Offer, a material acceleration or worsening thereof; and
- (4) the trustee under the indenture relating to the 10.250% Notes or the fiscal agent under the fiscal agency agreement relating to the 3.546% Notes, as applicable, shall not have objected in any respect to, or taken any action that could, in our reasonable judgment, adversely affect the consummation of such Offer, nor shall such trustee or fiscal agent, as applicable, have taken any action that challenges the

validity or effectiveness of the procedures used by us in making such Offer or the delivery of any cash amounts.

The foregoing conditions are for our sole benefit and may be waived by us, in whole or in part, in our sole discretion with respect to one or more series of Notes. Any determination made by us concerning an action, event, development or circumstance described or referred to above will be conclusive and binding.

If any of the foregoing conditions are not satisfied, we may, with respect to one or more series of Notes, at any time at or prior to the Early Tender Time or the Expiration Time, as applicable:

- terminate the Offers and promptly return all tendered Notes to the respective tendering Holders;
- modify, extend or otherwise amend the Offers and retain all tendered Notes until the Early Tender Time or the Expiration Time, as applicable, as extended, subject, however, to the withdrawal rights of Holders; or
- waive the unsatisfied conditions with respect to the Offers and accept all Notes tendered and not previously validly withdrawn.

EXPIRATION; EXTENSION; AMENDMENT; TERMINATION

The Early Tender Time is 5:00 p.m., Eastern Time, on Wednesday, February 7, 2024, unless extended by us. The Expiration Time is 5:00 p.m., Eastern Time, on Friday, February 23, 2024, unless extended by us.

To the extent we are legally permitted to do so, and subject to the discussion above under “Conditions of the Offers,” we expressly reserve the absolute right to (i) waive any and all conditions to an Offer with respect to one or more series of Notes, (ii) extend or terminate an Offer with respect to one or more series of Notes at any time, or (iii) otherwise amend any of the terms of an Offer with respect to one or more series of Notes. Any amendment to one or more of the Offers will apply to all applicable Notes tendered, except for amendments that apply only to a specified series of Notes. While initially the Early Tender Time (*i.e.*, the deadline for Holders to tender Notes if they desire to be eligible to receive the Total Consideration, including the Early Tender Premium) is the same date as the Withdrawal Deadline (*i.e.*, the deadline for Holders to withdraw previously tendered Notes), Rakuten reserves the right to extend the Early Tender Time without extending the Withdrawal Deadline and the right to withdraw previously tendered Notes. If we increase or decrease the Total Maximum Amount, increase or decrease the 3.546% Tender Cap or otherwise alter the terms of any Offer, we do not expect to extend the Early Tender Time, the Expiration Time or Withdrawal Deadline or otherwise modify any rights to withdraw Notes previously tendered, except as may be required by law. If we make a material change in the terms of the Offers or waive a material condition of the Offers, we will disseminate additional materials related to the Offers and extend the Offers to the extent required by law. In addition, we may, if we deem appropriate, extend the Offers for any other reason. Any extension, amendment or termination will be followed promptly by public announcement thereof, the announcement in the case of an extension of the Offers to be issued no later than 9:00 a.m., Eastern Time, on the next business day after the previously scheduled Early Tender Time or Expiration Time, as applicable. Without limiting the manner in which we may choose to make a public announcement of any extension, amendment or termination of the Offers, we will not be obligated to publish, advertise or otherwise communicate any such public announcement, other than by making a timely press release.

The minimum period during which the Offers will remain open following material changes in the terms or in the information concerning the Offers will depend upon applicable law, and in particular Rule 14e-1 promulgated under the Exchange Act and the interpretation thereof, and the facts and circumstances of such change, including the relative materiality of the change.

If we terminate an Offer with respect to one or more series of Notes, we will give immediate notice to the Depository and Information Agent with respect to any terminated series of Notes, and all Notes of the terminated series theretofore tendered pursuant to such Offer will be returned promptly to the tendering Holders thereof. See “Withdrawal of Tenders” below and “Conditions of the Offers” above.

We or our affiliates may acquire any Notes that are not tendered pursuant to the Offers, including during the term of the Offers, through open market purchases, privately negotiated transactions, one or more additional tender or exchange offers, redemptions, defeasance or otherwise, upon such terms and at such prices as we may determine (or as may be provided for in the indentures pursuant to which the Notes were issued), which may be more or less than the price to be paid pursuant to the Offers and may involve cash or other consideration. There can be no assurance as to which, if any, of these alternatives or combinations thereof we or our affiliates may choose to pursue in the future.

PROCEDURES FOR TENDERING NOTES

A defective tender of Notes of any series (which defect is not waived by Rakuten or cured by the Holder) will not constitute a valid tender of such Notes and will not entitle the Holder thereof to the applicable Total Consideration or Tender Offer Consideration. A defective tender of Notes that is waived by Rakuten or cured by the Holder and not validly withdrawn at or prior to the Early Tender Time or Expiration Time, as applicable, will constitute a valid tender of Notes and will entitle the Holder thereof to the applicable Total Consideration or Tender Offer Consideration upon the terms and subject to the conditions of this Offer to Purchase.

All of the Notes are held in book-entry form through the Clearing Systems. Only a person who is shown in the records of the Clearing Systems as a Holder of any Notes (the “*Direct Participant*”) are authorized to submit tenders to the relevant Clearing System. Therefore, to tender Notes that are held through a broker, dealer, commercial bank, trust company, custodian or other nominee, a beneficial owner thereof must instruct such nominee to tender the Notes on such beneficial owner’s behalf according to the procedures described below.

There will be no letter of transmittal for the Offers.

Tenders of Notes

Procedures for Tendering Notes Held Through DTC

For a Clearing System Direct Participant to tender 10.250% Notes validly in DTC pursuant to the Offers, (1) an Agent’s Message (as defined herein) must be received by the Depository and Information Agent and (2) tendered 10.250% Notes must be transferred pursuant to the procedures for book-entry transfer described below and a confirmation of such book-entry transfer must be received by the Depository and Information Agent, in each case at or prior to the Early Tender Time or Expiration Time, as applicable.

To effectively tender 10.250% Notes in DTC, Clearing System Direct Participants should transmit their acceptance through ATOP, for which the Offers will be eligible, and DTC will then edit and verify the acceptance and send an Agent’s Message to the Depository and Information Agent for its acceptance. Delivery of tendered 10.250% Notes must be made to the Depository and Information Agent pursuant to the book-entry delivery procedures set forth below. The 3.546% Notes are not held in book-entry through DTC and, accordingly, no 3.546% Notes can be tendered through DTC’s systems.

A separate tender instruction must be submitted on behalf of each beneficial owner of the 10.250% Notes, given the possible proration. **The deadlines set by your custodian or nominee, or by DTC, for the submission and revocation of tender instructions may be earlier than the relevant deadlines specified in this Offer to Purchase.**

Book-Entry Transfer

The Depository and Information Agent will establish an ATOP account with respect to the 10.250% Notes at DTC for purposes of the Offer for the 10.250% Notes, and any financial institution that is a participant in DTC may make book-entry delivery of the 10.250% Notes by causing DTC to transfer such Notes into the Depository and Information Agent’s ATOP account in accordance with DTC’s procedures for such transfer. DTC will then send an Agent’s Message to the Depository and Information Agent. **The confirmation of a book-entry transfer into the Depository and Information Agent’s ATOP account at DTC as described above is referred to herein as a “*Book-Entry Confirmation*.”**

The term “*Agent’s Message*” means a message transmitted by DTC to, and received by, the Depository and Information Agent and forming a part of the Book-Entry Confirmation, which states that DTC has received an express acknowledgment from the participant in DTC described in such Agent’s Message, stating (i) the aggregate principal amount of 10.250% Notes that have been tendered by such participant pursuant to the Offer for the 10.250% Notes, (ii) that such participant has received this Offer to Purchase and agrees to be bound by the terms of the Offer for the 10.250% Notes as described in this Offer to Purchase and (iii) that Rakuten may enforce such agreement against such participant.

Procedures for Tendering Notes Held Through Clearstream or Euroclear

If you hold Notes through Clearstream or Euroclear and wish to tender them, you should follow the instructions below. We will only accept tenders of Notes through Clearstream or Euroclear by way of the submission by you of valid electronic tender and blocking instructions (“*Tender Instructions*”), in the form required by the relevant Clearing System and in accordance with the procedures set forth below.

You are advised to check with any custodian or nominee, or other intermediary through which you hold the Notes, whether such entity would require the receipt of instructions to participate in, or notice of a revocation of your instruction to participate in, the Offer before the deadlines specified in this Offer to Purchase. **The deadlines set by your custodian or nominee, or by Clearstream and Euroclear, for the submission and revocation of Tender Instructions may be earlier than the relevant deadlines specified in this Offer to Purchase.**

The term “Tender Instructions” means electronic instructions: (i) to block any attempt to transfer a Holder’s Notes at or prior to the applicable Settlement Date, and (ii) to debit the Holder’s account on the applicable Settlement Date, in respect of the Notes that have been tendered by the Holder. To be valid, a Tender Instruction must specify:

- the event or reference number issued by Clearstream or Euroclear;
- the name of the Clearing System Direct Participant and the securities account number in which the Notes the holder wishes to tender are held;
- the ISIN of such Notes;
- the principal amount of the Notes the Holder wishes to tender; and
- any other information as may be required by Clearstream or Euroclear and duly notified to the tendering Holder prior to the submission of the Tender Instruction.

A separate tender instruction must be submitted on behalf of each beneficial owner of the Notes, given the possible proration.

The tendering of the Notes in the Offer will be deemed to have occurred upon receipt by the Depository and Information Agent, via Clearstream or Euroclear, as applicable, of a valid Tender Instruction in accordance with the requirements of such Clearing System. The receipt of such Tender Instruction by Clearstream or Euroclear, as applicable, will be acknowledged in accordance with the standard practices of such Clearing System and will result in the blocking of the Notes in such Clearing System so that no transfers may be effected in relation to such Notes.

You must take the appropriate steps through Clearstream or Euroclear, as applicable, so that no transfers may be effected in relation to such blocked Notes at any time after the date of submission of such Tender Instruction, in accordance with the requirements of such Clearing System and the deadlines required by such Clearing System. Holders of Notes are responsible for informing themselves of these deadlines and arranging for timely delivery of Tender Instructions to Clearstream or Euroclear.

By submitting a Tender Instruction, Clearing System Direct Participants authorize Clearstream and Euroclear, as applicable, to disclose details concerning their identity such as their name, account number and holding to the Depository and Information Agent, Rakuten and the Dealer Managers. All of the Notes tendered by the Holder will be debited from the Holder’s account, unless a lesser portion of such Notes are accepted by us.

The debit will occur upon receipt of an instruction from the Depository and Information Agent. In the event we terminate the Offer prior to the applicable Settlement Date, as notified to Clearstream or Euroclear by the Depository and Information Agent, the instructions will be automatically withdrawn. By taking these actions with respect to the Offer, you and any custodial entity that holds your tendered Notes will be deemed to have agreed (i) to the terms and conditions of the Offer as set forth in this Offer to Purchase and (ii) that we and the Depository and Information Agent may enforce the terms and conditions against you and your custodian.

No Guaranteed Delivery

There are no guaranteed delivery provisions provided for by Rakuten in conjunction with the Offers.

Other Matters

Subject to, and effective upon, the acceptance for purchase of, and payment for, the principal amount of Notes tendered in accordance with the terms and subject to the conditions of the Offers, a tendering Holder will be deemed to have agreed to (1) irrevocably sell, assign and transfer to Rakuten, all right, title and interest in and to all of the Notes tendered and accepted for purchase pursuant to the terms hereof, (2) waive any and all other rights with respect to such Notes (including, without limitation, any existing or past defaults and their consequences in respect of such Notes, and the applicable indenture(s) governing such Notes) and (3) release and discharge Rakuten from any and all claims the Holder may have now, or may have in the future, arising out of, or related to, such Notes, including, without limitation, any claims that the Holder is entitled to receive additional principal or interest payments with respect to such Notes, or to participate in any repurchase, redemption or defeasance of the Notes.

In addition, by tendering Notes pursuant to the Offers, a Holder will be deemed to have irrevocably constituted and appointed the Depositary and Information Agent as the true and lawful agent and attorney-in-fact of such Holder (with full knowledge that the Depositary and Information Agent also acts as the agent of Rakuten in connection with the Offers) with respect to any tendered Notes, with full power of substitution and resubstitution (such power of attorney being deemed to be an irrevocable power coupled with an interest) to (1) present such Notes and all evidences of transfer and authenticity to, or transfer ownership of, such Notes on the account books maintained by the applicable Clearing System to, or upon the order of, Rakuten, (2) present such Notes for transfer of ownership on the books of Rakuten and (3) receive all benefits and otherwise exercise all rights of beneficial ownership of such Notes, all in accordance with the terms of the Offers.

Notwithstanding any other provision in this Offer to Purchase, payment of the applicable Total Consideration or Tender Offer Consideration in exchange for Notes tendered and accepted for purchase pursuant to the Offers will occur only after timely compliance with the procedures for tender specified in this Offer to Purchase.

Tenders of Notes pursuant to the procedures described above, and acceptance thereof by Rakuten, will constitute a binding agreement between the tendering Holder and Rakuten upon the terms and subject to the conditions of the Offers as set forth in this Offer to Purchase.

Rakuten's interpretations of the terms and conditions of the Offers will be final and binding. Rakuten reserves the absolute right to reject any or all tenders of Notes that are not in proper form or the acceptance of which would, in Rakuten's opinion, be unlawful. Rakuten also reserves the right to waive any defects, irregularities or conditions of tender as to particular Notes. Any defect or irregularity in connection with tenders of Notes must be cured within such time as Rakuten determines, unless waived by Rakuten. Tenders of Notes shall not be deemed to have been made until all defects and irregularities have been waived by Rakuten or cured. None of Rakuten, the Depositary and Information Agent, the trustee under the indenture relating to the 10.250% Notes, the fiscal agent under the fiscal agency agreement relating to the 3.546% Notes, the Dealer Managers, or any affiliate of any of them or any other person or entity will be under any duty to give notice of any defects or irregularities in tenders of Notes, nor will such parties incur any liability to Holders for failure to give any such notice. **All questions as to the form of all documents and the validity (including time of receipt) and acceptance of all tenders of Notes will be determined by Rakuten, in its sole discretion, the determination of which shall be final and binding.**

- (7) the tendering of Notes in connection with the Offers shall constitute an undertaking by the Holder to execute any further documents and give any further assurances that may be required in connection with any of the foregoing, in each case on and subject to the terms and conditions set forth herein;
- (8) either (a) the Holder is not (i) an “employee benefit plan” as defined in Section 3(3) of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), that is subject to Title I of ERISA, (ii) a “plan” as defined in Section 4975 of the Internal Revenue Code of 1986, as amended (the “Internal Revenue Code”), that is subject to Section 4975 of the Internal Revenue Code, (iii) an entity or account whose underlying assets include “plan assets” (within the meaning of the U.S. Department of Labor regulation located at 29 C.F.R. 2510-3.101, as modified by Section 3(42) of ERISA), or (iv) a “governmental plan” as defined in Section 3(32) of ERISA or any other plan, account or arrangement that is subject to any US. federal, state, local or non-U.S. or other law that is substantially similar to Title I of ERISA or Section 4975 of the Internal Revenue Code (“*Similar Law*”), or (b) the tendering and purchase of Notes will not result in a nonexempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Internal Revenue Code or a violation of any *Similar Law*;
- (9) if a Holder tenders less than all of the Notes of a particular series owned by such Holder, immediately following such tender, such Holder beneficially owns Notes of such series in an aggregate principal amount of at least the applicable Minimum Authorized Denomination (as defined under “Special Considerations—Minimum Denominations of the Notes”);
- (10) it is not an individual or entity (i) that is, or is owned or controlled by a person that is, described or designated in (A) the most current “Specially Designated Nationals and Blocked Persons” list, or (B) the most current “Consolidated list of persons, groups and entities subject to EU financial sanctions”; or (ii) that is otherwise the subject of any sanctions administered or enforced by any Sanctions Authority, other than solely by virtue of their inclusion in (A) the most current “Sectoral Sanctions Identifications” list

(the “*SSI List*”), (B) Annexes III, IV, V and VI of Council Regulation No. 833/2014, as amended by Council Regulation No. 960/2014 (the “*EU Annexes*”), or (C) any other list maintained by a Sanctions Authority, with similar effect to the SSI List or the EU Annexes. For purposes of this representation and warranty, “Sanctions Authority” shall mean any of the following: the United States government; the United Nations; the European Union (or any of its member states); any other equivalent governmental or regulatory authority, institution or agency which administers economic, financial or trade sanctions; or the respective governmental institutions and agencies of any of the foregoing including, without limitation, the Office of Foreign Assets Control of the U.S. Department of the Treasury, the United States Department of State, the United States Department of Commerce and His Majesty’s Treasury;

(11) it is not located or resident in the United Kingdom or, if it is located or resident in the United Kingdom, it is a person falling within the definition of investment professionals (as defined in Article 19(5) of the Financial Promotion Order) or within Article 43(2) of the Financial Promotion Order, including existing members and creditors of Rakuten, or to whom this Offer to Purchase and any other documents or materials relating to the Offers may otherwise lawfully be communicated in accordance with the Financial Promotion Order; and

(12) it has such knowledge and experience in financial and business matters, that it is capable of evaluating the merits and risks of participating in the Offers and that it, and any accounts for which it is acting, are each able to bear the economic risks of its, or their, investment.

The representations, warranties and agreements of a Holder tendering Notes shall be deemed to be repeated and reconfirmed upon submission of a Tender Instruction and on and as of the Early Tender Time or Expiration Time, as applicable, and the applicable Settlement Date. “*Beneficial Owner*” of any of the Notes means any holder that exercises investment discretion with respect to such Notes.

**ACCEPTANCE OF NOTES FOR PURCHASE; PAYMENT FOR NOTES;
PAYMENT OF PURCHASE PRICE**

Upon the terms and subject to the conditions of the Offers (including, if an Offer is extended or amended, the terms and conditions of any such extension or amendment), Rakuten will accept for purchase, and Rakuten will pay for Notes validly tendered and not validly withdrawn, upon satisfaction or waiver of the conditions to the Offers specified under “Conditions of the Offers.” Such payment will be made by deposit with the applicable Clearing System promptly after the Early Tender Time or Expiration Time, as applicable, so that the payment of the applicable Total Consideration or Tender Offer Consideration (plus Accrued Interest, if any) may be made to tendering Holders on the applicable Settlement Date. Under no circumstances will Rakuten pay any interest on the Total Consideration or Tender Offer Consideration, as applicable, by reason of any delay by the applicable Clearing System in making such payments.

Rakuten expressly reserves the right, in its sole discretion, to delay acceptance for purchase of Notes tendered under an Offer or payment for Notes accepted for purchase (subject to Rule 14e-1 under the Exchange Act, which requires that the consideration offered be paid or the Notes deposited by or on behalf of the Holders be returned promptly after the termination or withdrawal of each Offer).

For purposes of the Offers, Rakuten will be deemed to have accepted for purchase validly tendered Notes if, as and when Rakuten gives oral or written notice thereof to the Depository and Information Agent.

The Notes may be tendered in minimum principal amounts equal to \$200,000 and integral multiples of \$1,000 in excess thereof; provided, that Holders who tender less than all of their Notes must continue to hold Notes in a principal amount not less than the Minimum Authorized Denomination. No alternative, conditional or contingent tenders will be accepted.

If, for any reason, acceptance for purchase of or payment for validly tendered Notes pursuant to an Offer is delayed, Rakuten is unable to accept for purchase validly tendered Notes or payment is not made for validly tendered Notes pursuant to an Offer, then the Depository and Information Agent may nevertheless, on behalf of Rakuten, retain tendered Notes in such Offer, without prejudice to the rights of Rakuten described under “Expiration; Extension; Amendment; Termination” and “Conditions of the Offers” above and “Withdrawal of Tenders” below, but subject further to Rule 14e-1 under the Exchange Act. Rule 14e-1 requires that the consideration offered be paid or the Notes tendered be returned promptly after the termination or withdrawal of each Offer.

If any tendered Notes are not accepted for purchase for any reason pursuant to the terms and conditions of an Offer, such unpurchased Notes will be credited to the account maintained at the applicable Clearing System, designated by the participant who delivered such Notes, promptly following the Expiration Time or the termination of such Offer without expense to the tendering Holder.

Rakuten reserves the right to transfer or assign, in whole or, from time to time, in part, to one or more of its affiliates the right to purchase all or any of the Notes tendered pursuant to an Offer, or to pay all or any portion of the applicable Total Consideration or Tender Offer Consideration (plus Accrued Interest, if any) for any validly tendered Notes of, or both of the foregoing, but any such transfer or assignment will not relieve Rakuten of its obligations under any such Offer and will in no way prejudice the rights of tendering Holders to receive the applicable Total Consideration or Tender Offer Consideration (plus Accrued Interest, if any) for Notes validly tendered and not validly withdrawn and accepted for purchase pursuant to an Offer.

Under no circumstances will any interest be payable because of any delay by the applicable Clearing System in the transmission of funds to the Holders of purchased Notes or otherwise.

Tendering Holders of Notes purchased in the Offers will not be obligated to pay brokerage fees or commissions to Rakuten, the Dealer Managers, the Depository and Information Agent or to pay transfer taxes with respect to the purchase of their Notes. However, such Holders may be obligated to pay commissions or other payments to their own broker, dealer, commercial bank, trust company, custodian or other nominee. Rakuten will pay all other charges and expenses in connection with the Offers. See “Dealer Managers; Depository and Information Agent.”

WITHDRAWAL OF TENDERS

Tenders of Notes may be validly withdrawn at any time at or prior to the Withdrawal Deadline, but not thereafter. After the Withdrawal Deadline, tendered Notes may not be validly withdrawn unless, in each case, Rakuten amends the Offers in a manner materially adverse to tendering Holders or is otherwise required by law to permit withdrawal. Under such circumstances, Rakuten will allow previously tendered Notes to be withdrawn for a period of time following the date that notice of such amendment is first published or given to Holders that Rakuten believes gives Holders a reasonable opportunity to consider the amendment and implement the withdrawal procedures described below.

Rakuten may (i) extend or otherwise amend the Early Tender Time or the Expiration Time, (ii) increase or decrease the Total Maximum Amount or (iii) increase or decrease the 3.546% Tender Cap without extending the Withdrawal Deadline or otherwise reinstating withdrawal rights of Holders. If we increase or decrease the Total Maximum Amount or increase or decrease the 3.546% Tender Cap or otherwise alter the terms of any Offer, we do not expect to extend the Early Tender Time, the Expiration Time or Withdrawal Deadline or otherwise modify any rights to withdraw Notes previously tendered, except as may be required by law. If a Holder tenders more Notes in an Offer than it expects to be accepted for purchase by us based on the Total Maximum Amount, the 3.546% Tender Cap, or the Acceptance Priority Level for the Notes being tendered, and we subsequently accept more Notes than such Holder expected of such Notes tendered and not validly withdrawn on or before the Withdrawal Deadline, such Holder will not be able to withdraw any of its previously tendered Notes. **Accordingly, a Holder should not tender any Notes that it does not wish to be accepted for purchase.**

Holders may validly withdraw a tender of Notes only in accordance with the following procedures:

For a withdrawal of a tender of 10.250% Notes held through DTC to be effective, a written or facsimile transmission notice of withdrawal or a properly transmitted “*Request Message*” through ATOP must be received by the Depository and Information Agent prior to the Withdrawal Deadline at its address set forth on the back cover of this Offer to Purchase. Any such notice of withdrawal must (i) specify the name of the participant for whose account such 10.250% Notes were tendered and such participant’s account number at DTC to be credited with the withdrawn 10.250% Notes, (ii) contain a description of the 10.250% Notes to be withdrawn and the aggregate principal amount of such 10.250% Notes to be withdrawn and (iii) if other than a Request Message transmitted through ATOP, be signed by such participant in the same manner as the participant’s name is listed on the applicable Agent’s Message. If the 10.250% Notes to be withdrawn have been delivered or otherwise identified to the Depository and Information Agent, a signed notice of withdrawal will be effective immediately upon the Depository and Information Agent’s receipt of written or facsimile notice of withdrawal.

For a withdrawal of Notes held through Clearstream or Euroclear to be effective, you must submit an electronic withdrawal instruction, prior to the Withdrawal Deadline, in accordance with the requirements of the applicable Clearing System, and the deadlines required by such Clearing System in order to unblock the tendered Notes. To be valid, such withdrawal instruction must specify the Notes to which the original Tender Instructions related, the securities account to which such Notes are to be credited and any other information required by Clearstream or Euroclear, as applicable. Tendered Notes may not be unblocked by your instruction unless you are entitled to withdrawal rights pursuant to the terms of the Offers.

Notes validly withdrawn may thereafter be retendered at any time at or prior to the Early Tender Time or the Expiration Time by following the procedures described under “Procedures for Tendering Notes.”

All questions as to the form and validity (including time of receipt) of any notice of withdrawal of a tender will be determined by Rakuten, in its sole discretion, which determination shall be final and binding. None of Rakuten, the Depository and Information Agent, the trustee under the indenture relating to the 10.250% Notes, the fiscal agent under the fiscal agency agreement relating to the 3.546% Notes, the Dealer Managers, or any affiliate of any of them or any other person or entity will be under any duty to give notification of any defect or irregularity in any notice of withdrawal of a tender or incur any liability for failure to give any such notification.

OTHER MATTERS

If Rakuten is delayed in its acceptance for purchase of any Notes, or payment for any Notes is delayed or Rakuten is unable to accept for purchase or payment is unable to be made for validly tendered Notes pursuant to an Offer for any reason, then, without prejudice to Rakuten's rights hereunder, tendered Notes may be retained by the Depository and Information Agent on behalf of Rakuten and may not be validly withdrawn (subject to Rule 14e-1 under the Exchange Act, which requires that the consideration offered be paid or the Notes deposited by or on behalf of the Holders be returned promptly after the termination or withdrawal of each Offer).

There are no appraisal or other similar statutory rights available to Holders in connection with the Offers.

CERTAIN JAPANESE TAX CONSIDERATIONS

The following is a general description of certain aspects of Japanese taxation applicable to investors arising from the payments made pursuant to this Offer to Purchase. It does not purport to be a comprehensive description of the tax aspects of the Notes. Investors should note that, although the general tax information on Japanese taxation is described hereunder for convenience, the statements below are general in nature and not exhaustive.

Investors are advised to consult their own legal, tax, accountancy or other professional advisers in order to ascertain their particular circumstances regarding taxation. The statements below are based on current tax laws and regulations in Japan all as in effect on the date hereof and all of which are subject to change or differing interpretations (possibly with retroactive effect). The statements below may be affected by the application of tax treaties executed by Japan not described below. Neither such statements nor any other statements in this Offer to Purchase are to be regarded as advice on the tax position of any investor.

Receipt of Purchase Consideration

The margin generated from the excess, if any, of the purchase price of the Notes of a series over the issue price of the Notes (“Gains”), received by an investor that is an individual non-resident of Japan or a non-Japanese corporation that in either case (i) is not a person who has a special relationship with us (that is, in general terms, a person who directly or indirectly controls or is directly or indirectly controlled by, or is under direct or indirect common control with, us) within the meaning prescribed by the Cabinet Order (Cabinet Order No. 43 of 1957, as amended), or the Cabinet Order, relating to the Act on Special Measures Concerning Taxation of Japan (Act No. 26 of 1957, as amended), or the Special Taxation Measures Act (such person is referred to as a specially-related person of us), and (ii) has no permanent establishment in Japan, will not, in general, be subject to Japanese income or corporation tax (including withholding tax related thereto).

Gains received by an investor that is an individual resident of Japan, a Japanese corporation, or an individual non-resident of Japan or a non-Japanese corporation having a permanent establishment in Japan to which such Gain is attributable for Japanese tax purposes will be, in general, subject to Japanese income or corporation tax, which will not be subject to withholding requirements.

Receipt of Accrued Interest Payment

Although it is not necessarily clear under the Japanese tax laws and regulations whether payment of the Accrued Interest constitutes an interest payment (otherwise, the Accrued Interest will be subject to the same tax implication as Gains above), we will pay to an investor the Accrued Interest on the assumption that the Accrued Interest constitutes an interest payment. On that basis, the following consequences are anticipated in relation to the Accrued Interest:

1. Non-resident Investors

If the recipient of interest on the Notes is an individual non-resident of Japan or a non-Japanese corporation for Japanese tax purposes, as described below, the Japanese tax consequences for such individual non-resident of Japan or non-Japanese corporation are significantly different depending upon whether such individual non-resident of Japan or non-Japanese corporation is a specially-related person of us. Most importantly, if such individual non-resident of Japan or non-Japanese corporation is a specially-related person of us, income tax at the rate of 15.315% of the amount of such interest will be withheld by us under Japanese tax law.

1.1. Interest

(1) If the recipient of interest on the Notes is an individual non-resident of Japan or a non-Japanese corporation having no permanent establishment within Japan or having a permanent establishment within Japan but where the receipt of the interest on the Notes is not attributable to such permanent establishment, no Japanese income tax or corporate tax is payable with respect to such interest whether by way of withholding or otherwise, if such recipient complies with certain requirements, *inter alia*:

(i) if the relevant Notes are held through certain participants in an international clearing organization such

as DTC, Euroclear or Clearstream or certain financial intermediaries prescribed by the Special Taxation Measures Act and the Cabinet Order, or together with the Special Taxation Measures Act and the ministerial ordinance and other regulations thereunder, the Law (each such participant or financial intermediary, a Participant), the requirement to provide, at the time of entrusting a Participant with the custody of the relevant Notes, certain information prescribed by the Law to enable the Participant to establish that the recipient is exempt from the requirement for Japanese tax to be withheld or deducted, or the Interest Recipient Information, and to advise the Participant if such individual non-resident of Japan or non-Japanese corporation ceases to be so exempted (including the case where it became a specially-related person of us); and

(ii) if the relevant Notes are not held by a Participant, the requirement to submit to the relevant paying agent a claim for exemption from taxation (including a claim for exemption from taxation in electronic form), or the Claim for Exemption from Taxation, together with certain documentary evidence.

Failure to comply with such requirements described above (including the case where the Interest Recipient Information is not duly communicated as required under the Law) will result in the withholding by us of income tax at the rate of 15.315% of the amount of such interest.

(2) If the recipient of interest on the Notes is an individual non-resident of Japan or a non-Japanese corporation having a permanent establishment within Japan and the receipt of interest is attributable to such permanent establishment, such interest will not be subject to a 15.315% withholding tax by us, if the recipient provides the Interest Recipient Information or submits the Claim for Exemption from Taxation as set out in paragraph 1.1(1) above. Failure to do so will result in the withholding by us of income tax at the rate of 15.315% of the amount of such interest. The amount of such interest will be aggregated with the recipient's other Japanese source income and will be subject to regular income tax or corporate tax, as appropriate.

(3) Notwithstanding paragraphs 1.1(1) and (2) above, if an individual non-resident of Japan or a non-Japanese corporation mentioned above is a specially-related person of us as of the beginning of the year of us in which the relevant interest payment date falls, the exemption from Japanese withholding tax on interest mentioned above will not apply, and income tax at the rate of 15.315% of the amount of such interest will be withheld by us. If such individual non-resident of Japan or non-Japanese corporation has a permanent establishment within Japan and the receipt of interest is attributable to such permanent establishment, regular income tax or corporate tax, as appropriate, collected otherwise by way of withholding, will apply to such interest under Japanese tax law.

(4) If an individual non-resident of Japan or a non-Japanese corporation (regardless of whether it is a specially-related person of us) is subject to Japanese withholding tax with respect to interest on the Notes under Japanese tax law, a reduced rate of withholding tax or exemption from such withholding tax may be available under the relevant income tax treaty between Japan and the country of tax residence of such individual non-resident of Japan or non-Japanese corporation. As of the date of this Offer to Purchase, Japan has income tax treaties, conventions or agreements whereby the above-mentioned withholding tax rate is reduced, generally to 10% with, inter alia, Australia, Canada, Finland, France, Hong Kong, Ireland, Italy, Luxembourg, the Netherlands, New Zealand, Norway, Portugal, Qatar and Singapore. Under the income tax treaties with Sweden, the United Kingdom, Austria, Denmark, Germany, the United States, Belgium, Spain and Switzerland, interest paid to qualified Swedish, United Kingdom, Austrian, Danish, German, United States, Belgian, Spanish or Swiss residents is, subject to compliance with certain procedural requirements under Japanese law, generally exempt from Japanese withholding tax (for Belgium, only for a Belgian enterprise). Under the income tax treaties with France, Australia, the Netherlands, New Zealand and Qatar, certain limited categories of qualified residents receiving interest on the Notes may, subject to compliance with certain procedural requirements under Japanese law, be fully exempt from Japanese withholding tax for interest on the Notes (provided that no exemption will apply to pension funds in the case of Australia and New Zealand). In order to avail themselves of such reduced rate of, or exemption from, Japanese withholding tax under any applicable income tax treaty, individual non-residents of Japan or non-Japanese corporations which are entitled, under any applicable income tax treaty, to a reduced rate of, or exemption from, Japanese withholding tax on payment of interest by us are required to submit an Application Form for Income Tax Convention regarding Relief from Japanese Income Tax and Special Income Tax for Reconstruction on Interest (as well as any other required forms and documents) in advance through us to the relevant tax authority before payment of interest.

2. Resident Investors

If the recipient of interest on the Notes is an individual resident of Japan or a Japanese corporation for Japanese tax purposes, as described below, regardless of whether such recipient is a specially-related person of us, income tax will be withheld at the rate of 15.315% of the amount of such interest, if such interest is paid to an individual resident of Japan or a Japanese corporation (except for (i) a Japanese financial institution or a Japanese financial instruments business operator, designated in Article 3-2-2, Paragraph (29) of the Cabinet Order, each, a Designated Financial Institution, which complies with the requirement for tax exemption under Article 6, Paragraph (11) of the Special Taxation Measures Act or (ii) a Japanese public corporation or a Japanese public-interest corporation designated by the relevant law, each, a Public Corporation etc., or a Japanese bank, a Japanese insurance company, a Japanese financial instruments business operator or other Japanese financial institution falling under certain categories prescribed by Article 3-3, Paragraph (6) of the Special Taxation Measures Act, each, a Specified Financial Institution, to which such interest is paid through a payment handling agent in Japan as defined in Article 2-2, Paragraph (2) of the Cabinet Order, or a Japanese Payment Handling Agent, with custody of the Notes, or the Japanese Custodian, in compliance with the requirement for tax exemption under Article 3-3, Paragraph (6) of the Special Taxation Measures Act). In addition to the withholding tax consequences upon resident investors as explained in this section 2, resident investors should consult their own tax advisors regarding their regular income tax or corporate tax consequences other than by way of withholding.

2.1. Interest

(1) If an individual resident of Japan or a Japanese corporation (other than a Specified Financial Institution or a Public Corporation etc., who complies with the requirement as referred to in paragraph 2.1(2) below) receives payments of interest on the Notes through Japanese Payment Handling Agents, income tax at the rate of 15.315% of the amount of such interest will be withheld by the Japanese Payment Handling Agent rather than by us. As we are not in a position to know in advance the recipient's status, the recipient of interest falling within this category should inform us through a paying agent of its status in a timely manner. Failure to so inform may result in double withholding. In addition, interest on the Notes received by an individual resident of Japan through a Japanese Payment Handling Agent will be subject to 15.315% separate net basis taxation in Japan by filing a separate tax return, and if any withholding tax stated above is to be withheld by the Japanese Payment Handling Agent, the amount of such withholding tax would be credited to Japanese individual income tax upon filing of such separate tax return; provided, however, that an individual noteholder being an individual resident of Japan may choose not to include the interest on the Notes to be paid each time in his or her tax return, in which case the above-stated withholding tax would be the final Japanese tax for such individual noteholder being an individual resident of Japan. On the other hand, in the case of other recipients who are Japanese corporations referred to in the beginning of this paragraph, the amount of interest received by any such recipient will be included in such recipient's other taxable income and subject to regular corporate tax.

(2) If the recipient of interest on the Notes is a Public Corporation etc. or a Specified Financial Institution that keeps its Notes deposited with, and receives the interest through, the Japanese Custodian, and such recipient submits through such Japanese Custodian to the competent tax authority the report prescribed by the Law, no withholding tax is levied on the amount of interest, provided that a Specified Financial Institution will be subject to regular corporate tax with respect to such interest. However, since we are not in a position to know in advance the recipient's tax exemption status, the recipient of interest falling within this category should inform us through a paying agent of its status in a timely manner. Failure to so notify us may result in the withholding by us of a 15.315% income tax.

(3) If an individual resident of Japan or a Japanese corporation (except for a Designated Financial Institution which complies with the requirements described in paragraph 2.1(4) below) receives interest on the Notes not through a Japanese Payment Handling Agent, income tax at the rate of 15.315% of the amount of such interest will be withheld by us, and the amount of such interest will be aggregated with the recipient's other taxable income and subject to income tax or corporate tax, as appropriate.

(4) If a Designated Financial Institution receives interest on the Notes not through a Japanese Payment Handling Agent and such recipient complies with the requirement, inter alia, to provide the Interest Recipient Information or to submit the Claim for Exemption from Taxation as referred to in paragraph 1.1(1) above, no withholding tax will be imposed, while the Designated Financial Institution will be subject to regular corporate tax with respect to such interest.

CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following summary describes certain U.S. federal income tax consequences of the Offers to U.S. Holders (as defined below). This discussion applies only to U.S. Holders that hold the Notes as capital assets for U.S. federal income tax purposes. This discussion addresses only U.S. federal income taxation and does not discuss all of the tax consequences that may be relevant to U.S. Holders in light of their individual circumstances, including foreign, state or local tax consequences, and tax consequences arising under the Medicare contribution tax on net investment income or the alternative minimum tax. This discussion does not address all of the tax consequences that apply to U.S. Holders that are ineligible for the benefits of the current income tax treaty between the United States of America and Japan (the “*Treaty*”). In addition, this discussion does not discuss all of the tax consequences that may apply to you if you are a member of a class of holders subject to special rules, such as:

- a broker or dealer in securities or currencies,
- a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings,
- a bank or other financial institution,
- an insurance company,
- a tax-exempt organization or governmental organization,
- a tax-qualified retirement plan,
- a real estate investment trust or regulated investment company,
- a person that holds Notes that are a hedge or that are hedged against interest rate or currency risks,
- a person that holds Notes as part of a straddle or conversion transaction for tax purposes,
- a person deemed to sell Notes under the constructive sale provisions of the Code (as defined below),
- a person that purchases or sells Notes as part of a wash sale for tax purposes, or
- a person whose functional currency for tax purposes is not the U.S. dollar.

If an entity or arrangement that is treated as a partnership for U.S. federal income tax purposes holds a Note, the U.S. federal income tax treatment of a partner generally will depend upon the status of the partner and the tax treatment of the partnership. A partner in a partnership holding the Notes should consult its tax advisor with regard to the U.S. federal income tax treatment of tendering the Notes.

This disclosure is based on the Internal Revenue Code of 1986, as amended (the “*Code*”), its legislative history, administrative pronouncements, judicial decisions, existing and proposed Treasury regulations under the Code and the Treaty, all as in effect as of the date hereof, and changes to any of which subsequent to the date of this Offer to Purchase may affect the tax consequences described herein, possibly on a retroactive basis.

Please consult your own tax advisor concerning the consequences of tendering the Notes in your particular circumstances under the Code and the laws of any other taxing jurisdiction.

As used herein, the term “*U.S. Holder*” means a beneficial owner of a Note that is, for U.S. federal income tax purposes:

- an individual who is a citizen or resident of the United States,
- a domestic corporation,

- an estate whose income is subject to U.S. federal income tax regardless of its source or
- a trust if (i) a United States court can exercise primary supervision over the trust's administration and one or more United States persons are authorized to control all substantial decisions of the trust or (ii) the trust has a valid election in effect under applicable United States Treasury regulations to be treated as a United States person.

Sale of Notes Pursuant to the Offers

Upon Rakuten's repurchase of a Note pursuant to an Offer, a U.S. Holder will recognize taxable gain or loss equal to the difference between the amount of cash received in exchange for the Note (other than cash attributable to Accrued Interest, the treatment of which is described below), which will include any Early Tender Premium, and such U.S. Holder's adjusted tax basis in the Note. Generally, a U.S. Holder's adjusted tax basis in a Note will be equal to the cost of the Note to the U.S. Holder, increased by any original issue discount or market discount previously included in income by the U.S. Holder with respect to the Note and decreased (but not below zero) by any amortized bond premium. Subject to the application of the market discount rules discussed in the next paragraph, any gain or loss will be capital gain or loss. Any capital gain or loss will be long-term capital gain or loss if the U.S. Holder held the Note for more than one year at the time of the repurchase. Long-term capital gains of non-corporate U.S. Holders are generally eligible for reduced rates of taxation. The deductibility of capital losses for U.S. federal income tax purposes is subject to limitations. Subject to the application of the market discount rules discussed in the next paragraph, any gain or loss recognized generally will be treated as gain or loss from sources within the United States for purposes of the rules regarding the foreign tax credit allowable to a U.S. Holder.

If a U.S. Holder acquired a Note at a "market discount" (i.e., (i) in the case of the 3.546% Notes, at a price that is below the principal amount of the Note by more than a specified *de minimis* amount or (ii) in the case of the 10.250% Notes, at a price that is below the adjusted issue price of the Note at the time of purchase by more than a specified *de minimis* amount), any gain recognized by the U.S. Holder upon the repurchase of the Note pursuant to an Offer would be treated as ordinary interest income to the extent of any accrued market discount that had not previously been included as ordinary income. Any gain treated as ordinary income pursuant to the market discount rules generally should be treated as income from sources outside the United States for purposes of the rules regarding the foreign tax credit allowable to a U.S. Holder.

Accrued Interest

The cash received by a U.S. Holder pursuant to an Offer that is attributable to Accrued Interest (including any Japanese tax withheld and additional amounts paid in respect thereof) will be taxable as ordinary interest income to the extent such Accrued Interest has not yet been included in the U.S. Holder's income.

Any Japanese tax withheld from a payment of Accrued Interest generally will not be eligible for a foreign tax credit to the extent that the Japanese tax could have been eliminated by complying with the information reporting requirements prescribed by the Special Taxation Measures Act (as described in "Certain Japanese Tax Considerations" above). In addition, because interest on the Notes is generally exempt from Japanese tax pursuant to the Treaty, if a U.S. Holder is eligible for benefits under the Treaty, such U.S. Holder generally will not be entitled to a foreign tax credit for any Japanese tax withheld from a payment of Accrued Interest. Interest paid on the Notes will generally be income from sources outside the United States for purposes of the rules regarding the foreign tax credit allowable to a U.S. Holder and will generally be "passive" income for purposes of computing the foreign tax credit.

Information Reporting and Backup Withholding

Information reporting generally will apply to all payments made to a U.S. Holder pursuant to an Offer, unless such U.S. Holder is an exempt recipient. In general, a U.S. Holder whose tendered Notes are accepted for purchase may be subject to U.S. federal backup withholding (currently, at a rate of 24%) on such payments if such U.S. Holder fails to (i) provide a properly completed and executed Internal Revenue Service Form W-9 to the applicable withholding agent providing such U.S. Holder's correct taxpayer identification number and complying with certain certification requirements or (ii) otherwise establish an exemption from backup withholding. Backup withholding is not an additional tax. Amounts withheld under the backup withholding rules may be refunded or

allowed as a credit against the U.S. Holder's U.S. federal income tax liability, provided the required information is timely furnished to the Internal Revenue Service.
